CATALOGUE 2026
MADE TO SERVE

MADE TO SERVE

At Stalrne, we make tableware that works. Not for a photoshoot, not for a single occasion, but for the daily demands of a professional kitchen, a retail shelf, and a dining table that seats a family of eight every evening. Our collections are designed to look considered and built to last through years of use, washing, and restocking.

We manufacture everything at our own facility in Bhiwadi, Rajasthan. From raw material to finished carton, every piece passes through the same hands and the same quality checks. That single point of control is what lets us promise consistency across a production run of ten thousand pieces or a hundred thousand.

Stalrne exists for the trade. Modern retail chains, hotel groups, institutional buyers, distributors, and export partners across five international markets already work with us. When you choose Stalrne, you are choosing a manufacturer that understands your timelines, your margins, and the fact that your reputation depends on what you put on the table.
